Hello, thanks for calling

I am still living in this room, and nothing has been moved or prepared to facilitate the repairs because the agency has not coordinated anything and has shifted all responsibility onto me.

I am not refusing access. If you need to attend today, you may, but you likely won't be able to start major works or move items because I still need to use the room to live in. I also have a morning class at 9 am and will not be available to supervise.

I apologise for the inconvenience, which is a result of the agency's handling.

Chawakorn

Hi Chawakorn,

No worries, I'll relay the information to our contact from the company that appointed us. Enjoy the rest of your day.

- Liam  
Flood Restoration Australia

Thank you
